

## 2001A Bond

# Chapala Street Improvements \$993,300

### PROJECT DESCRIPTION:

Various streetscape improvements to be made in conformance with Chapala Street Streetscape Design Guidelines. Improvements are being made to two intersections, Gutierrez and De la Guerra Streets. These include several bulbouts of the sidewalk to shorten the pedestrian crossings and new brick crosswalks.

### PROJECT MANAGER:

Brian Bosse,  
Redevelopment Supervisor

### NOTES:

Additional funding of \$158,300 was allocated from the RDA Project Contingency Fund to cover added costs to the construction of the street improvements and bulbouts along Chapala at Gutierrez and De la Guerra Streets. Construction of the De la Guerra bulbouts is scheduled for late February 2007. Construction of the Gutierrez bulbouts is scheduled for late April 2007. New streetlights, crosswalks and landscaping are included in the project. All funds have been encumbered for the construction project.
